Weather Forecast.

For North Carolina—Fair and cooler Sunday. Monday fair; fresh east winds increasing on the coast.

The so-called independent papers generally give advice to the Democratic party and take counsel of the Republican party.

The New York Times on Friday contained an editorial on "Political Convictions." There are two kinds—which political straddlers never have and those which the courts rarely secure.

Rain-in-the-Face, the Soux Indian who boasted that he personally killed General Custer at the massacre, is dead and gone—most likely gone where a whole cloud burst in the face would utterly fail to cool off his painted physiognomy.

We have held our ear to the ground ever since the insurance investigation exposure but we have not heard Theo. Roosevelt apologizing to Judge Parker nor detected any noise that sounds like Cortelyou rushing to the front to deny the proven fact that trust money figured in the 1904 landslide.

Says Mme. Wade: "Stand up straight, throw your chin into the air as if you owned the earth—it doesn't matter whether you do or not, so you seem to." Dear Madame, you have our distinguished consideration but we are not going to let the bill collector catch us doing that and then make us feel like 30 cents.

The government piddled along with the Beef Trust prosecutions and never did anything till William J. Bryan's suggestion was adopted. He always urged that violaters of the anti-trust laws should be prosecuted under the criminal clause. The government trust busters can now see that the Bryan way gave one of the officers of the trust the nervous prostration.

THE W. L. I. BAZAAR.

Every Department of the Arrangements Progressing Satisfactorily.

Preparations go on apace for the elaborate bazaar to be given by the Wilmington Light Infantry the first week in October. An enthusiastic meeting of all the committees was held Friday night at the armory and plans for the big event were discussed most enthusiastically. Already a large number of donations for the country store have been donated by the merchant friends of the company and in every other department of the arrangements there is marked progress.

Two well known Confederate veterans, whose homes are away, have been invited to attend the bazaar and deliver two of the three addresses that will be delivered on "Veterans Night." A Wilmington speaker will deliver the third address.

Boy Painfully Injured.

Herndon Jewell, 12 or 14 years of age, a son of Mr. K. W. Jewell, was painfully hurt by falling in the swimming pool room of the Y. M. C. A. early last night. Young Jewell was playing with some companions and fell on his back, the back of his head striking against the hard concrete wall of the pool. The blow staggered him for some time. A companion of the young man accompanied him home.

THE SUPERIOR COURT

Three Weeks for New Hanover County Will Convene To-Morrow Morning

CRIMINAL DOCKET CROWDED

Defence Announces Its Readiness in Shockley Case—Big Land Suit Just Terminated in Pender—Other Notes.

New Hanover Superior Court will convene to-morrow morning at 10 o'clock and will remain in session three weeks. An outline of the work of the term has previously been given in these columns. Judge T. A. Council, of Watauga county, who will preside during the first week for the trial of criminal cases, did not complete the term for the trial of civil suits in Pender county last night in time to catch the evening train for Wilmington, but he is expected here this morning. As before stated the present arrangements are for an exchange of courts between Judge Council and Judge W. R. Allen, so that the last named will preside over the two weeks of civil court, ensuing October 2nd.

It will be the effort of the court to dispose of all jail cases, as far as possible, first. The necessity for this is obvious when it is recalled that New Hanover does not have another criminal term for four months. It is almost a foregone conclusion that a special term for the trial of criminal cases will have to be held some time during the Winter.

The docket for the week embraces 103 criminal cases and a goodly number of others yet to come over from the committing magistrates. The docket is the heaviest on record and one that embraces several cases of importance. Notable among them is that of M. W. Shockley, the saloon proprietor, charged with the killing of Frank Talbert, a marble cutter, particulars of which are well remembered. The defence announces its readiness for trial. The defendant is represented by Messrs. Bellamy & Bellamy and Herbert McClammy, Esq. Up to last week, relatives of Talbert had employed no counsel to assist Solicitor Duffy with the prosecution. Then there is also the case of young Lamb, of Florence, S. C., charged with the killing of Alice Owens, in a house of questionable character, about two months ago. For either of those cases, a special venire will be required and it is expected that at least one of them will have to go over to the next term or to the special term to be called in the meantime.

Land Suit in Pender.

A number of Wilmington attorneys returned last night from Burgaw where they attended Pender Superior Court, which was engaged the entire week in a trial of the important land suit of J. T. Bland and A. C. Ward against L. A. Beasley, W. R. Newbury and J. A. Westbrook. The controversy was over 133 acres of land in Pender, being the west side of the railroad front of the big savannah, just north of Burgaw, though 500 acres more on the the east side of the track is dependent upon the same title. The trial was begun last Monday morning and ended with a verdict for the plaintiffs after court hours last night. The plaintiffs were represented by A. D. Ward, Esq., of Newbern; Maj. Jno. D. Kerr, of Clinton, and J. O. Carr., Esq., and ex-Judge E. K. Bryan, of Wilmington. The defendants were represented by Messrs. Stevens, Beasley & Weeks, who will not doubt take the case up to the Supreme Court as there is a question of title involved much more than the intrinsic value of the land in controversy.

ANOTHER PROPERTY DEAL.

Mr. Bonitz Purchases Old Jail Residence, on Princess Street.

It is learned upon the best of authority that Mr. H. E. Bonitz, the architect, has purchased from Mr. John F. Garrell, the old jail residence property next west of the old Court House, on Princess street. The lot fronts 45 feet and runs back to a brick wall 66 feet. The consideration has not been learned, but it is known that Mr. Garrell held the property for $100 per front foot. At first Mr. Garrell thought of erecting on the site a handsome brick business house, abutting on the wall of another to be erected by Mr. J. M. Bunting, next adjoining on the west, but it appears now that idea has been abandoned. It is understood that, for the present, Mr. Bonitz will continue to rent the property for residence purposes, but that ultimately a more imposing structure will be erected thereon.

Mr. W. W. Nichols Dead.

Mr. W. W. Nichols, a machinist by trade, and a gentleman held in the highest esteem by all who knew him, died yesterday at the family home, No. 609 South Fourth street, in the 74th year of his age. He had been a sufferer with paralysis for several years and the end was not unexpected, though it was a shock to members of the family and many friends. He is survived by his wife and two sons, Messrs. Samuel and Thomas Nichols. The funeral will be from the residence at 4 o'clock this afternoon, and the remains will be laid to rest in Bellevue cemetery.

"Rest Home" Closed.

During its brief existence the last six weeks of the Summer, the "Rest Home" on the beach did much good and gave needed pleasure to those who would not have had the benefit and recreation without the Home. There were ten patients, the shortest stay being six days and the longest two weeks. There were 56 visits from the hospital nurses, including a trained nurse who staid two weeks and helped with the patients.

This Home should be hereafter a permanent part of the Christian work of the community.

JUSTICE FURLONG'S COURT.

Several Cases Bound Over—A Trial For Monday.

In Justice Furlong's court yesterday John Johnson, colored, charged with an assault with a deadly weapon upon Mary Pearsall, colored, and also charged with carrying concealed weapons, was bound over to Superior Court in a bond of $50 in each case. Failing to give the same, Johnson went to jail.

John Stepney, colored, was also sent over for the "big" court to answer the charge of having carved up John Phillips pretty severely with a razor. The cutting occurred some time ago, but Phillips was in the hospital and was unable to appear against the prisoner. He was first arrested and arraigned in the police court, but, in the absence of prosecution, he was discharged.

Robert McClain, alias "Money," was lodged in jail by Constable Savage yesterday, on a charge of damage to the personal property of Charlotte Davis. The evidence upon which the affidavit is based is that he had a "fall out" with the woman and vented his anger by smashing up the household goods and cutting up a lot of clothing belonging to the woman. He will be given trial Monday at 4 P. M.

ARRESTED FOR SEDUCTION.

Proprietor of Bicycle Shop Taken to Charlotte on Serious Charge.

Henry M. Goodman, proprietor of a bicycle store and shop at No. 216 Market street, was arrested here yesterday morning about 10 o'clock on a warrant sworn out by Police Sergeant G. F. Duke, of Charlotte, charging the young man with seduction under promise of marriage. The warrant was served by Wilmington Policeman J. M. Lord and Mr. Goodman was taken to the police station where Chief of Police H. C. Irwin, of the Queen City, was in waiting for him. The prosecuting witness is named as Edna Hagar, of Charlotte. The arrest came in the nature of a great surprise to friends in this city of Mr. Goodman, who ask that public opinion be suspended in the case until the young man's side of the question has been heard.

Mr. Goodman was given opportunity of straightening up affairs at his office and he was taken on the afternoon train to Charlotte by Chief Irwin. Bond will be given there after preliminary trial and Mr. Goodman expects to return to the city in a day or two.

STEPPED FROM MOVING CAR.

Delgado Man Injured Yesterday Afternoon at Fourth and Princess.

Mr. Joe Ray, a middle-aged man employed as a watchman at Delgado mills, fell from an incoming suburban car from the beach, at Fourth and Princess streets, yesterday afternoon about 4 o'clock, suffering injuries which will probably lay him up for several days.

Mr. Ray was coming to the city on some business and desired to get off at Fourth and Princess. That was not a regular stop for the suburban car, but the cars always slow up there as the street is one used largely by the fire apparatus in responding to an alarm. It appears that Mr. Ray did not wait for the car to stop, but started to step off, miscalculating the speed. As he did so he was thrown violently to the pavement and his hip joint was dislocated while he suffered other bruises and contusions. Conductor W. E. Beaton went back to the man and brought him on to the junction. Later he was sent to his home at Delgado, where Dr. John B. Cranmer attended him.

"HUMAN HEARTS" PLEASED.

Ever Popular Melodrama Put on by Strong Company Here.

W. E. Nankeville's great melodramatic triumph "Human Hearts," an idyl of the Arkansas hills, was given last night at the Academy of Music to an audience which was comparatively large and unmistakably appreciative. The story is old, but has lost none of the charm of deep human interest and striking situations. It is one of the few melodramas which, once seen, leaves its impress upon one, so that its second appearance is always hailed with quite a much delight as the first.

The favorites in the cast last night were easily Baby Adele Shirley, as "Little Grace Logan," said the hero in tramp's attire, whose identity is not quite clear from the programme. The show last night gave great satisfaction.

Interest in Lumber Mill.

It is learned from reliable sources that Mr. W. T. Sears, of W. T. Sears & Co., while on his vacation North, closed a deal by which his firm has acquired a controlling interest in the Onslow Land & Lumber Co., at Folkstone, N. C. Mr. Sears is still North and a confirmation of the deal has not been secured, but the information, as stated, comes from a reliable source.

PRESIDENT'S VISIT

Coming of Nation's Chief Executive to North Carolina Has Local Bearing

THE TRIP TO WILMINGTON

Effort for Side Trip to This City from Raleigh is No Wise Abandoned—Itinerary in Detail—Charlotte, Greensboro and Durham.

The fact that Wilmington's invitation to Mr. Roosevelt to include this city in his Southern itinerary during the month of October, was sent at the eleventh hour, so to speak, has not in the least diminished the hope of President W. B. Cooper and his associates of the Wilmington Merchants' Association, that the lower Cape Fear may yet enjoy the honor of a brief visit from the chief executive of the Nation. While nothing was heard by Mr. Cooper from the President or his secretary yesterday, the belief is entertained that the visit can be very satisfactorily arranged and to that end Mr. Cooper was in telegraphic communication yesterday with the State Fair authorities at Raleigh, beseeching them to release the President from his engagement during the early afternoon so that arrangements may be made to have him come here on a special train and return to Greensboro the same night. Mr. Cooper has as yet received nothing hopeful in that respect, and calmly awaits some communication from Oyster Bay upon which to base further negotiations.

The coming of the President to the State is an incident of great interest from Cherokee to Currituck and elaborate preparations are being made to entertain him in the various cities of his itinerary. Committees, for this purpose, have been appointed in Raleigh, Durham, Greensboro and Charlotte. The schedule is so arranged that the party will arrive in the Capital City early on the morning of the 19th of October, and the entire forenoon will be spent there.

The special train with the Presidential party, according to present arrangements, will leave Raleigh at 1:30 that afternoon and the Southern tracks are to be cleared for a quick run to Durham. A stop there of 10 minutes is scheduled. Greensboro will next be reached. A similar time will be spent in the Gate City and the special will run throught to Charlotte, arriving in that city about 5:30 o'clock. Governor Glenn has signified his intention to accompany the President so long as he is within the borders of the State.

In view of the fact, that the President's trip may be cut short in the further South on account of the yellow fever infection, an effort is being made to have the president extend the length of his stay in Charlotte to more than half an hour or the like, and if that effort is successful, it is thought Wilmington may have a show for a brief visit. There matters are being carefully looked after by Mr. Cooper and the Board of Directors of the Merchants' Association, and something definite is expected in a day of two.

SEE "THE ENTIRE CITY."

Theatre Patron Off on the Bill for Next Saturday Night.

It was between acts and he was standing in the midst of a group of eager listeners in the lobby of the Academy of Music last night, enthusiastically dilating upon the superior merits of "Human Hearts."

"But, Oh, its touching," he said—"it's grand, grand."

"How about Frank Deshon Monday night?" a listener ventured to inquire.

"Oh that's good," said the man who had the crowd around him. "But you just wait until next Saturday night. Then there's coming something that is good, sure enough."

"What's that?" inquired a third listener.

"The 'Entire' City," said the man who had the floor and the crowd laughed.

"The Eternal City," of course, was meant, but the "Human Hearts" enthusiast didn't take a tumble to himself until he glanced up at a bill on the wall and spelled out Eternal for himself.

WILMINGTON-FAYETTEVILLE.

Observer Pays This City Compliment in No Invidious Comparison.

In calling attention to the rapid development of its own thriving little city, the Fayetteville Observer of yesterday afternoon also pays this neat little compliment to the metropolis down on the lower Cape Fear:

"Wilmington is far outstripping any town in North Carolina in progress. Its development is phenomenal. It now has seven banks, with deposits of far in excess of $5,000,000, and new and handsome business buildings are being erected in great numbers.

"Fayetteville has far greater advantages than Wilmington, and while our progress is not as fast as our larger neighbor's, it is just as sure, and everything now points to as rapid a development of the metropolis of the Upper Cape Fear as is being enjoyed by the splendid big city by the sea."

Funeral of Edgar Bear.

Up to last night nothing definite had been learned as to the time of the arrival of the remains of the late Edgar Bear, whose death occurred last Monday in Salt Lake City, Utah. However, the remains will probably arrive here to-morrow and an announcement of the funeral will be made in due time. It has been arranged so that as soon as the casket reaches Richmond by Express, relatives in this city will be notified here. No notice had been received up to last night.

RICHMOND WENT WILD.

Frank Deshon, Coming to Academy To-morrow Night, Pleased 'em.

Of Frank Deshon in "The Office Boy," which comes to the Academy to-morrow night, the Richmond News-Leader of Thursday, says:

"For the first time in many and many a day the customary frappe to a Richmond audience was smashed in five minutes at the Academy last night.

"Frank Deshon performed the feat, and there are stage managers and carpenters, to say nothing of the lugubrious Graves at the balcony entrance, who rushed to the dressing-room of the little star last night and congratulated him.

"'There's nothin' doin',' said Graves before the show began, referring to the iciness of the audience, 'till after the second act.'

"As there are only two acts to the piece, the comedian had a task before him. He was not on the stage three minutes before the house was not only warm, but royal good fellows with him, and during the first act last night I heard more big laughs than I have heard given any comedian in the same length of time by an Academy audience.

"Deshon tendency to horse play has almost entirely disappeared. In 'The Office Boy' he has ample temptations to too freely exaggerate, but he has learned his little book by hard work, and his performance last night was as smooth as silk. It seems to me that he has stepped up to the top rung of the ladder in the travelling show business and that next season he should step off and take his place on Broadway. He has the stuff in him and he knows how to get it out. He has won his way, not through a particular freakish line, but by hard work and capability that has increased with the years. I believe that Nixon & Zimmerman have a big fortune winner in Deshon, and if he gets the same patronage Richmond gave him last night he will certainly make them a big season at any rate.

"The production is as good a one as we have seen in music-comedy in several seasons. The lines are bright as silver and as clean as mountain spring water. The music has life to it, the life of champagne with the cork just half drawn. The company is a big one and there are girls abundant, all wearing their own hair and (seemingly, of course), unpadded. The male chorus has that very rare charm of looking young, fresh and tidy. The average chorus man is a terrible spectacle. He is a cross between a supe and a second-story artist. Those in 'The Office Boy, look well, sidestep well and sing well.

"Marie Barry is the star on the lady's side of the programme. She is pretty and well formed and carries a neat assortment of stage smiles. Some of the Johnnies ogled her fearfully. They ought to know better. She did not ogle them, because her trunkful of stage smiles, her svelte form and her crisp voice with a wabble in the middle register make for her the money she mails home to mother.

"Katherine Nelson, with a most audacious tip to her nose, sang the Mollie song with the chorus. Miss Nelson is no soprano robusto, but she has ginger in her heels and in her wink lurks his majesty The Devil.

"The rest of the cast run from Richard Chawner, who is very good as Tobias Van Twiller, to first and second villager.

"It's a pity there is not another performance of 'The Office Boy' to-night."

POLITICAL CONVICTIONS.

The New York Times, independent, able, far-seeing and hard-hitting, takes the above for the subject of a lengthy and incisive editorial inspired by the revelations made by the insurance investigating committee in New York. In part the Times says:

"Judge Parker, condemning with just severity the contributions of the New York Life Insurance Company to Republican campaign funds, declares that men who make such contributions out of corporation treasuries 'have no political convictions that stand in the way of their personal advantage. Such men desire the triumph of that party which will better serve their personal financial interests and will—for contributions past, present, and future—continue to protect those interests by lenient legislation and by pretense at execution of law which shall be tenderly blind to all their offenses.'

"Undoubtedly the great bulk of the voters of this country come by their political convictions through inheritance. They are blindly loyal to a party name. Yet the feeling may be so deep and intense as to make even very intelligent men, very decent men, quite deaf to the appeals of common morality. In Missouri last Fall Mr. Folk was fighting the battle of the people against the thieves, the gamblers, and the bribers. The Republican organization did its best to defeat him and continue the rule of the thieves. Mr. Niedringhaus, the Republican chairman, fought Governor Folk with all the zeal of a staunch patisan, and with all the money he could collect. His campaign, of course, was a monstrous disservice to the State. Yet when Mr. Niendringhaus a little later aspired to Senator Cockrell's seat in the United States Senate President Roosevelt wrote him a warm letter of personal commendation."

That is a hard saying but the Times states the absolute truth. The distinction should be noticed that some men have no political convictions when they shift from one party to the other for their own private interests and not for the interests of the country. That is illustrated by the action of some so-called Democrats who deserted their party because they were in business which they conceived to be the foster child of the Republican party.

In the second instance, it is observed that President Roosevelt's partisanship caused him to support the Republican opponents of Folk, the acknowledged reformer. The President has given utterance to and published some convictions which taint him with Democracy yet he stood with the "stand patters." Probably the majority of the voters stand by their convictions but the rank and file certainly have no illustrious examples in their leaders when it comes to standing up for the right party or no party.

The Times' editorial discusses at length many instances to illustrate the lack of honest political convictions, and concludes as follows:

"But the most notorious and flagrant instance of the substitution of 'personal financial interests' for political principle is that of the powerful protected manufacturers who for years have faithfully kept the Republican campaign chest full as a consideration for the maintenance of extortionate customs duties. They have simply bought the privilege of writing tariff bills for the Republican party, and it must be said that the terms of the compact have been kept with remarkable fidelity by both of the parties to it.

"All this does not make less true and valid the general proposition that political convictions and party principles are based in a very large measure upon considerations of financial or business advantage. Intelligent loyalty to a party rests upon the belief that the policies of that party will on the whole better promote the prosperity of the country, and therefore the prosperity of its individual citizens, than the policies of the opposition party. The plain distinction in these matters is between political convictions based upon soliciitude for the general welfare and those which are dictated by purely personal, selfish, and sordid calculation. On which side of this line of distinction the contributions of the trusts, corporations, and insurance companies to the Republican campaign fund should be placed is a matter very easy to determine."

It does us good to note that America has a great paper like the Times—and there are others—which has the independence and fearlessness to utter the plain truth.

That insurance investigation made good for Judge Parker Judge Parker is not President but he is right all right.

PEARSON'S MAGAZINE.

This popular publication for October has been received, and to say that it is a literary treat is not half expressing it. It is beautifully and interestingly illustrated and the table of contents is a varied assortment of delightful stories, storiettes, and brilliant contributions from well known writers. "The Self Supporting Home" series of Kate V. Saint Maur continue to run and they constitute one of the practical and valuable features of the magazine, and then there is the enlightening and versatile "Inside With the Editor." This is just an inkling of the value of Pearson's for October, a most excellent magazine which is sent for a year for $1, or 10 cents per copy. Address: The Pearson Publication Co., 2 to 20 Astor Place, New York.

SLY FOXES.

At the insurance investigation Attorney Hughes asked President McCall why it was that the New York Life Insurance Company subscribed to the Republican campaign fund such an odd amount as $48,702.50. Me. didn't tell but we hate to have to answer the question from way down here. It was because the company's officers could positively deny that it subscribed either $50,000 or $48,000, and not even a $48,702. That $702.50 part of the political donation would save the officials from litterally putting Ananias to the blush.

CURRENT COMMENT.

—The Marion Star, which favors the dispensary system, deprecates any attempt to nullify the result of the election, and calls upon dispensaryites to aid in carrying out the new order of affairs. This is the proper spirit, for nothing can be gained by attempting to force any particular thing upon the people through technicalities of the law, or endeavoring to retard or hinder the majority in carrying out its wishes.—Raleigh Times.

—John A. McCall, president of the New York Life Insurance Company, is a Democrat, but, as it would appear from the direction of his contributions, with qualifications. He is not the only gentleman in history with adjustable politics. It was Jay Gould, we believe, who said on one occasion; "When I am in a Democratic county I am a Democrat; when in a Republican county a Republican; but I am always for the Erie."—Charlotte Observer.

—We do not believe the matter has ever been legally tested as to the right of a dispensary in one county to ship liquor to another where there is no dispensary, but we think there is legal sanction for it, with certain requirements. However, Dispenser Watts in Columbia has received orders from Newberry and filled them, so he informs The Record. The question has been mooted by The State, prohibitionists. One of two counties have never had dispensaries, and it is presumed that some of the liquor consumed in them came from dispensaries in adjoining counties. The question has not been raised, as said, but in view of the fact that several counties have voted away dispensaries and others will likely do the same, the question may be brought before the courts, and we can see how it will have numerous remifications and bring up a number of interesting legal questions about the rights of citizens of the State, no matter where they may reside in it.—Columbia Record.

THE WEAK SPOT.

When a boiler explodes carrying death and destruction with it, every body says "Why: we thought it was strong enough. It must have had a weak spot somewhere!" When a man who has the outward appearance of being sound and strong suddenly falls a prey to disease, his friends exclaim: "why we thought he was all right—he must have had a weak spot somewhere."

The fact is, almost everybody has a weak spot somewhere. Death and disease are always looking for weak spots. If your stomach or your liver won't do its proper work, if your body fails to get its full nourishment from the food you eat, and your brain loses part of the sleep it ought to have, no matter how big your frame and muscular your limbs may be, you will give out; disease will find the weak spot, and nature will give way.

"Three years ago this spring I was taken with severe dyspepsia," writes Mr. W. A. Cain, of 33 West Madison St., Hamilton, Mich. "Was treated by five different doctors, but kept getting worse until I was afraid to go to the table to eat, as the least little thing I ate distressed me so I could hardly stand it. After suffering for nearly a year and falling off in weight from 186 pounds to 108 pounds I commenced taking 'Golden Medical Discovery.' Before I had taken all of one bottle I began to feel relief, but kept on until I had taken eight bottles, and now I am as well as ever, can eat anything I want and feel good. Am weighing 182 pounds and feel fine all the time. My friends were surprised to see such a quick change in me after taking so many different medicines and they never expected to see me get well. I honestly tell you I owe my life to Dr. Pierce's Golden Medical Discovery, and I cannot say enough in praise of your Golden Medical Discovery."

This glorious "Discovery" gives the stomach and liver power to do their natural work regularly and completely. It makes healthy blood and steady nerves. It helps the weak spots, making them sound and strong.

Dr. Pierce's Pleasant Pellets should be used with "Golden Medical Discovery" whenever a laxative is required.

Attacked by a Mob

and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve, and was soon sound and well. "I use it in my family," writes C. J. Welch, of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at R. R. Bellamy's drug store. **

He may well think, he has got off cheap, who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant, and certain cure for headache, constipation, etc., 25c. at R. R. Bellamy's drug store; guaranteed. **

THE COTTON MARKET.

New York, Sept. 23.—The cotton market opened strong at an advance of 8 to 19 points in response to much higher cables, small crop estimates an rumors that the bull pool had made arrangements with respect to holding spot cotton in the South. There was heavy realizing at the advance and prices sagged off about 8 points from the best but later firmed up on continued covering of shorts, and a fresh demand through wire and commission houses and in the middle of the morning was about 8 to 14 points net higher with trading still active and sentiment around the ring bullish. The weather was good and interior receipts heavy.

Newbro's Herpicide

The Original Remedy that "Kills the Dandruff Germ."

SCHOOL CHILDREN.

Every school child should know that baldness is a contagious disease, caused by a microbe. Prof. Unna, of Hamburg, Germany, discovered that dandruff, itching scalp, falling hair, and final baldness are produced by a germ or microbe that passes from one head to another, where it burrows into the scalp and by multiplying and extending deeper and deeper into the hair follicles, saps the life of the hair root and produces baldness.

IT TAKES YEARS.

to produce complete baldness, for the action of the dandruff microbe is not constant in every case. It is governed by predisposition, by the state of health, by environment, but particularly by the endeavor made to combat the growth and development of the dandruff microbes, which can only be destroyed with Newbro's Herpicide.

This new antiseptic scalp germicide is past the experimental stage. It was made to destroy the germ that causes dandruff and falling hair, and by coaxing energy back into the impoverished bulbs, it enables the hair to grow naturally and luxuriantly. Thousands of letters from physicians, clergymen and laymen tell the same story of its wonderful success.

AN IDEAL HAIR DRESSING.

It is fortunate for those who understand the new rules for scalp cleanliness that the antiseptic qualities of Newbro's Herpicide made it the most delightful and refreshing hair dressing imaginable. Chronic baldness is incurable; save your hair, while you have hair to save.

PHYSICIANS PRESCRIBE IT.

I received the bottle of Herpicide you were kind enough to send me which has been fully tested with satisfactory results. I have every confidence in the preparation and expect to use it and prescribe it in all cases where it is indicated.

Hawkinsville, Ga. Dr. R. C. Brannon.

I can not praise your Herpicide too highly. It is the best remedy I have ever used for my hair.

Happenings and Doings in Society

—BY G. N. H.—

Maj. and Mrs. Eugene Willett Van-Court Lucas have leaved the Arringdale residence, No. 315 Third street, south. Maj. Lucas has resigned his commission in the Engineering Corps of the United States Army, and will make Wilmington his future home.

* * * * *

Mrs. L. Bluethenthal and children have returned from their Summer's outing, and have opened the Bluethenthal residence, 501 Dock street, for the Winter.

* * * * *

Of the early Fall marriages, that of Miss Katharine Lee Beckwith, to Mr. Dennis Hobdy Lee, is announced to take place at St. James' church, October 10th. The bride-elect is a daughter of Mr. Jno. Beckwith, of Petersburg, Va. Mr. Lee is a native of Prince George county, Va. They will make Wilmington their home.

* * * * *

Mrs. Grundy says there are to be ten marriages in St. James' church this Fall and Winter. Dame rumor also has announced several engagements, which are generally known, but not formally acknowledged, and there is much speculation in certain coteries, as to whom Mrs. Grundy has reference.

* * * * *

The Misses Margaret and Lucy Bridgers, who have been abroad for the past two months, are expected to return to the States during the early part of November.

* * * * *

The Misses Ruth and Leila James, of Biloxi, Miss., are the charming guests of Col. and Mrs. Thos. C. James, 302 Second street, North.

* * * * *

The atmosphere is rife with rumors of engagements, many of which do not actually exist, while with others there is just enough foundation to give a shadow of truth. "MY HUSBAND HAD FOUR DOCTORS"

writes Mrs. Dora Crenshaw of Westpoint, Ga., "to treat me, but they did me no good. After my fourth child, my womb came down, and I could hardly sit up. After taking one bottle of Cardui I began to get well. I am now cured, have plenty of milk and no more womb trouble. Cardui has made me feel like a new woman."

SPIRITS TURPENTINE.

—Mr. Frank Roche, of Catawba county took into Newton on Friady the largest pea-vine ever seen in this section. The vine filled a one-hose wagon bed, had a root as big as a man's arm and had to be cut off with an ax.

—Chatham Chronicle: The Southern Railway is evidently doing all it can to bring its equipment up to the requirements of its increasing business It is not only double-tracking, but buying new rolling stock. Its latest order was for 90 new locomotives, 750 steel gondola cars and 750 steel flat cars.

—Chatham Record—About 800 men are employed in the construction of the two railroads now being built to Durham, one of them (the Durham & Southern) from Apex, and the other (the Durham & South Carolina) from Bonsal. No wonder laborers are so scarce and hard to get on the farms now.

—The High Point correspondent of the Charlotte Observer says: Mr. A. P. Staley is in possession of a 23-pennyweight nugget of gold, which was found by Mr. G. B. Kime, on his farm in Randolph county. This is one of the largest nuggets found in this community in some time and it is thought that there is a vein of gold running through the land where the nugget was found. The nugget is worth over $20.

—At Newton on Friday Skaley McKesson, a negro man from Morganton, was crushed to death by one of the trains on the Southern track. When found he was lying on the track about 50 yards north of the depot, and was dead. No one saw him killed or knew that he was on the train. It is supposed that he was beating his way and either fell between the cars and was killed, or was crushed by the bumpers while the train was shifting.

—Burlington News: The people who have no faith in the construction of the street car line in this county had better begin to look for shelter for it is coming. In fact the Saxapahaw train will be pulling into Burlington before you know it. We have it as straight as can be that the money for the bonds is forthcoming, and that the papers will be signed up at once now. A special meeting of the directors was held in Graham last Saturday, and the last preliminaries were gone through with.

—Clarence Conner, of Davidson, a young negro brakeman on the Southern Railway, was killed at Mooresville Wednesday night at 8:30 by No. 34, a passenger train from Charlotte. Conner had been sent down the track from the station and stopped at a point on the railroad directly in front of Mr. P. S. Boyd, to flag the incoming train. He carried a red and white lantern, and sat down on the end of a crosstie. It is presumed that he put the lamp between his legs and also between the ends of the crossties, and dozed into a sound slumber, and did not hear the station blow of the incoming train.

WORKS WONDERS.

A Wonderful Compound, Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures piles after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Wilmington testimony proves it.

J. S. King, clerk on Market streets, residing at 815 Orange street, says: "I used Doan's Ointment and found it to be a great remedy for itching hemorrhoids. It acted like a charm in my case. I tried all kinds of remedies, but until I used Doan's Ointment I could get nothing to give me positive relief. It is a splendid preparation and you are welcome to use my name as one who says so. I obtained it at R. R. Bellamy's drug store."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—DOAN'S—and take no other. **

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promtly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At R. R. Bellamy drug store; 50c and $1.00; guaranteed. Trial bottle free.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." R. R. Bellamy, druggist, sells and guarantees them, at 50c a bottle. **

AUTOMOBILE RACES FOR VANDERBILT CUP

In Trial Run Yesterday Pope's Sixty Horse-Power Car Made 56 Miles an Hour.

By Wire to The Morning Star.

Mineola, L. I., Sept. 23.—In the elimination automobile races today by which American cars were to be selected to enter the W. K. Vanderbilt cup race on October 14, A. L. Pope's sixty horse power car driven by Albert C. Dingley made the best time over the 113.2 miles course, going the distance in two hours and 50 seconds. This time is three and three-quarters miles an hour better than was made by Heath who won the cup last year in his 90-horse power machine. The four other cars qualified for the big race were Dr. H. E. Thomas 90-horse power machine driven by Joseph Bacy, which came in second doing the distance in two hours, one minute and nine seconds. E. D. Shurman's forty horse power car driven by Robert Jardine was third. Time two hours, 19 minutes, 18 seconds. Elwood Haynes' 50-horse power car driven by Frank Nutt came in fourth, in two hours, 23 minutes and 32 seconds, and the fifth car was H. S. Houpt's 60-horse power car driven by Montague Roberts, in 2 hours, 29 minutes and 40 seconds. Haynes got away first at 5:30 followed two minutes later by Dingley. The other entrants followed at two minutes intervals. The course was four times around an irregular triangle of 2.3 miles.

There were no serious accident during the race although Jardine in Schurman's car and his machinists had a narrow escape when their car turned turtle. They both jumped and with the help of spectators, righted the machine and proceeded. Robertson, driving Breeze's car, escaped injury when he struck a curb on the first lap. The only damage was a cut tire.

THE OHIO REPUBLICANS.

Fairbanks Says Party Will Adjust Tariff to Suit Itself.

Bellefontaine, O., Sept. 23.—Beautiful weather and immense crowds were the features of the opening of the Republican State campaign to-day.

Judge Dow, who while a member of the Legislature introduced the bill which afterwards became known as the Dow law, one of the more important temperance laws of the State, reviewed temperance legislation, maintaining that the Republican party had been the author of every temperance measure ever put on the Ohio statute books.

Vive President Fairbanks discussed National issues, saying:

"A Republican Congress will re-adjust tariff schedules whenever such re-adjustment is essential to preserve the integrity of the system and to maintain the law in wholesome operation. Change will not be made for the mere sake of change or to promote free trade whose disastrous effects we well understand. An adjustment of duties will be made responsible to a sound economic demand."

Governor Myron T. Herrick spoke at considerable length dewelling chiefly on State issues, although calling attention to the interest Ohio people always taken in National affairs.

Senator J. B. Foraker closed the speaking programme of the afternoon with a discussion of National issues.

FAVORS EXTRADATION.

Grene and Gaynor Have Two Weeks More to Fight.

Montreal, Que., Sept. 23.—A decision against Colonel J. F. Gaynor and Captain B. D. Greene, the American contractors wanted in the United States on charges of defrauding the government, was handed down by Judge Quimet today in the court of King's Bench. It is the general belief among legal men that Grene and Gaynor have reached the limit of their resources in fighting against extradition. The defense still has two weeks in which to begin further proceedings to act as a stay. The decision given today was on a writ of habeas corpus based upon the contention that Judge LaFontaine, the commissioner who held them for extradition, had no authority to act in the case. Judge Quimet in the decision quashing the writ of habeas corpus, upholds the original order ofr extradition issued by Judge Lafontaine. Donald MacMaster, acting on behalf of the United States authorities, has notified Judge Lafontaine to make every preparation for extradition.

SOVEREIGN LODGE, I. O. O. F.

Concluding Session at Philadelphia Yesterday—Patriarchs Militant.

Philadelphia, Sept. 23.—The concluding session of the eighty-first annual communication of the Sovereign Grand Lodge of the Independent Order of Odd Fellows was held today.

Action on the independency of the Patriarchs Militant and on the proposition to increase the membership of that branch by recruits from the scarlet degree was deferred until the next annual communication at Toronto. All of the questions relative to the Patriarchs were placed in the hands of a committee. The transfer of member ship question was left open until next year to give a special committee consisting of Representative Hines, Georgia; Hughes, of Ohio, and Pinkerton, Massachusetts, an opportunity to draft a suitable law.

No action was taken on the proposed affiliation with the Manhcester unity, nor on the enlargement of the sanitarium at Las Vegas.

RUCKER & WITTEN TOBACCO CO

Didn't Sell Out To Trust But to Reynolds Tobacco Co.

Roanoke, Va., Sept. 23.—A special from Martinsville to the Times says President Rucker of the Rucker & Witten Tobacco Company today made a signed statement with reference to the recent sale of that company to the R. J. Rynolds Tobacco Company in which he says he wishes to correct the statement that the sale was made to a branch of the American Tobacco Company. He declares his company has bargained to sell to the R. J. Reynolds Tobacco Company of Winston, N. C., which is a distinct concern within itself and not a branch of the American Tobacco Company or any other business

MR. ROOSEVELT'S SOUTHERN TRIP

Arrangements Complete With Exception of Date for New Orleans Visit

YELLOW FEVER HALTS HIM

Arkansas Wants President to Go There and Thence to Louisiana—May End Itinerary There and Return by Water.

By Wire to The Morning Star.

Oyster May, N. Y., Sept. 23.—Arrangements for the trip of President Roosevelt through the South practically have been completed except those pertaining to his visit to New Orleans and Little Rock, Ark. On account of the prevalence of yellow fever in New Orleans, it is not unlikely that the President may defer his visit to that city until a later time in which event he would visit Little Rock at the same time. He is being urged not to go to New Orleans so long as the yellow fever epidemic continues there; but he has received assurances that the fever will be stamped out before the tentative date of his visit, October 24.

A suggestion was made recently that on account of the quarantine placed by the authorities of Arkansas on passengers from New Orleans, the President should visit Little Rock before going to New Orleans. This idea is in the minds of the Arkansas authorities as evidenced by the following telegram from the mayor of New Orleans:

"New Orleans, La., Sept. 21, 1905.
"Honorable Theodore Roosevelt,
"President of the United States,
Oyster Bay.

"Referring to my telegram of 18th instant, I have the honor to report that our telegraphic correspondence with the Arkansas authorities has finally resulted in the following message dated Litle Rock, September 20, and addressed to Dr. J. H. White, surgeon in charge marine hospital and public health service.

"Would it not be possible for President Roosevelt to arrange to come to Louisiana after visiting Arkansas? Impossible to say with present outlook that our quarantine will be raised by October 20.

(Signed) "J. P. RUNYAN,
"President Board of Health."

"As the average date of first frost in Arkansas is October 11th it seems reasonably certain that any quarantine against yellow fever will be raised by October 15th at the latest.

(Signed) "MARTIN BEHRMAN,
"Mayor City of New Orleans."

It was announced officially tonight that if the quarantine regulations of other States should prevent the President's entrance into Arkansas on his return to Washington by rail, after having visited New Orleans, he may consider the plan of making New Orleans the final stop on his trip and returning from there to Washington by sea. However, no definite plans have been made for the New Orleans and Little Rock portion of the trip and they will not be completed for two weeks.

CUBAN ELECTIONS YESTERDAY.

President Palma's Party Won—Big Bomb Plot at Cienfuegos.

By Cable to The Morning Star.

Havana, Sept. 23.—The election in Havana for boards of registration passed off quietly and telegrams from the interior say there were no disorders except at Placetas, in the province of Santa Clara, where many shots were fired but no one was killed. The Liberals admit the complete victory in Havana of the Moderates, the party of President Palma. They claim that they did not vote because Moderate policemen stationed at the polls prevented them from doing so. A representative of the Associated Press visited a majority of the polls here but at none of them was there any indication of restraint upon voters.

Returns from the entire island up to 11:30 tonight confirm the complete victory of the government in the elections for members of boards of registration. There were no important disorders.

Official dispatches received from Cienfuegos announce that the bodies of Congressman Villuendas and Chief of Police Illance, who were killed during a disturbance at the Hotel La Suiza, there yesterday were buried today. The government claims to have discovered a Liberal plot to dynamite the City Hall, court house and other public buildings of Cienfuegos. An expert of Cienfuegos who examined one of the bombs found in the Congressman's room declares it contained enough explosives to blow up an entire block. The government, it is said, has evidence showing that Villuendas took 12 bombs to Cienfuegos, only three of which have been discovered, though Liberals have been arrested and found to have a number of bomb fuses.

At Sata Clara a searched has revealed 11 bombs similar to the others found and also a small number of rifles and some ammunition secreted near the city.

MANY CHILD SUICIDES THROUGHOUT GERMANY

Record Show Average of 42 Annually—Public is Distressed and Looking for the Cause.

By Cable to The Morning Star.

Berlin, Sept. 23.—Several distressing instances of children's suicides have occurred since the Autumn school term began. This has brought on a discussion of the conditions of school and home life and endeavors are being made to trace the causes of that increasing feebleness of the desire to live which it is affirmed the 11,000 suicides of 1903 indicate.

The causes of suicide in Germany are regarded as being exceedingly subtle and in the current discussions the personal views on the subject have generally been decided by the observers' opinion on other questions. The Socialist account for the suicides by evonomic conditions making it harder to get subsistence, darkening life generally and throwing shadows over the lives of the children.

The clerical view is that the absence of faith, the increase of irreligion and the growth of sensual materialism explain the weaking desire for life and that a revival of spiritual aims would lessen suicides by increasing the serenity of living.

Critics of the school systems assert that children are forced too much; that they are over estimated and are given tasks which are impossible for accomplishment for those slightly below the standard of capacity, and that punishments, the fear of reproofs and injury to self pride push the child towards suicide, to which he often hears his elders refer as a refuge.

An instance is given of a 12 year old boy had failed to do a Latin exercise properly and was sent home to his father. The boy, the moment he entered his father's room, shot himself. In identical circumstances another boy threw himself out of a window.

The total number of children's suicides in Germany during 18 years was 747, just under 42 annually.

THERE WILL BE NO WAR.

Norway and Sweden Have Agreed on Terms of Separation.

By Cable to The Morning Star.

Karlstad, Sept. 23.—After protracted sessions extending over some weeks, the Norwegian and Swedish delegates who met here to settle the terms of separation of the two countries, early this evening arrived an agreement on all points. The terms were not made public.

In anticipation of an agreement large crowds assembled around the building in which the meeting had been held, to witness the departure of the delegates. The Norwegians emerged immediately upon the conclusion of the session and were on their way to Christiania a few minutes after the announcement was made of the outcome of the negotiations. The Swedish delegates remained in for some time, but when they did show themselves they received an ovation and were escorted to their hotel by the crowd, which sang the Swedish national anthem. They left at midnight for Stockholm.

The delegates refused to discuss the terms of the agreement simply saying that they would be given out early next week.

KILLED HUSBAND ABOUT A DOG

Sensational Development Reported in Georgia Murder Case.

By Wire to The Morning Star.

Albany, Ga., Sept. 23.—Reports received here from Newton state that sensational developments in the Milner murder case have occurred. A special from that place says:

"On yesterday Qintin Milner, the young man who is in jail charged with killing his father Rollie Milner, sent for several of the citizens of the town and made a full and complete statement of how the killing occurred and by whom the crime was committed. He said that his mother and father were quarreling over a dog when his mother seized the gun and shot his father. He said that his mother got him to tell the story about his shooting his father while asleep. They then planned for him to pretend to be crazy in order to cover up the crime. In making his confession young Milner said that he had stood the strain as long as he could and that he would tell the truth if it killed him. As a result of his confession the authorities here sent over and had Mrs. Milner arrested and lodged in jail last night."

TWO MEN HELD UP A TRAIN.

One Captured By Clever Ruse of Southern Conductor.

By Wire to The Morning Star

Augusta, Ga., Sept. 23.—A special to the Chronicle from Spartanburg, S. C., says: Engineer Balue, on a Southern Railway freight train, was compelled to run his train to Melrose, N. C., last night by two men who entered the cab at Spartanburg Junction. Conductor Bryson, when the train failed to make the usual stops, entered the cab and was confronted by pistols and forced to return to the caboose. He wrote a message which he dropped at Campobello, instructing the operator to wire officers at Melrose. A posse was organized and when the train stopped one of the outlaws was arrested and the other escaped. The prisoner, it is said, is one of the men who participated in the assault on Engineer Clarke and Fireman Hart as they stepped from the engine at the station, one mile south of here last night. Both men were struck on the head and Hart's condition is precarious.

DEFEATED CANDIDATES KICKS.

How Much of His Insurance Money Beat Him?

By Wire to The Morning Star.

New York, Sept. 23.—In an open letter to President John A. McCall of the New York Life Insurance Company, Franklin Leonard, Jr., a defeated Democratic candidate for Congress in the 17th district of this city, to-day asked Mr. McCall how much of his money, paid on a life insurance policy had been used to defeat him. Mr. Leonard's letter was prompted by President McCall's statement before the legislative investigating committee that he had ordered a contribution of about 48,000 to the Republican National campaign fund in 1904. The letter says that the large Republican campaign funds expended in his district contributed materially to his defeat.

GLOOMY REPORT OF YELLOW FEVER

Tenth Week of Fight in New Orleans Ends in Discouragement There

DEATH ROLL TO DATE 365

Natchez Had a Bad Day, Reporting Eight New Cases—Increase in Mississippi Alarming — Big Death Roll at Pensacola.

By Wire to The Morning Star.

New Orleans, Sept. 23.—The following is the official record of yellow fever in New Orleans up to 6 P. M. today:

New cases today, 46.
Total cases to date, 2,803.
Deaths today, 6.
Total deaths to date, 365.
New foci, 11.
Cases under treatment, 310.
Discharged, 2,133.

Today ended the tenth week of the fight against yellow fever in New Orleans, with the record of cases and deaths for the day higher than expected. While there have been a considerable number of new foci in the past week, an examination of the maps in the office of the marine hospital officers does not disclose any extensive spread of the disease. Many of them represent merely the crossing by the disease from one side of a street to the other. As the cases are promptly reported, however, the inspectors are able to tag them immediately and take due precautions to prevent a spread of the infection.

The country reports were not different from the usual run. Dr. Shayot, of Plaquemines parish reported the troubles he was having with the Italians on Pointe Celeste plantation and said that they had barricaded themselves in their houses and warned all doctors that they would kill the first one who attempted to enter. The civil authorities were consulted and it was decided to put the whole plantation under strict quarantine until the fever has disappeared and then proceed against them criminally.

A suspicious case died at Independence in the Angipahoa parish Saturday morning and the medical inspector Dr. Bradley has gone there to investigate.

No Colleges To Open.

Jackson, Miss., Sept. 22.—On account of the spread of yellow fever and developments of new points of infection the State Health board has ordered that no boarding schools or colleges in the State open before October 17. The board has also issued an ordinance prohibiting the making of any charge whatever for health certificates and all certificates must be stamped "no fee charged."

Big Death Rate at Pensacola.

Pensacola, Fla., Sept. 23.—One more death was added to the list of yellow fever victims today. J. A. Perdue, 416 East Wright street succumbed to the disease after an illness of several days. An official summary by the State Board of Health tonight shows that exactly 25 per cent. of the victims have died. This percentage is expected to decline as the 23 cases now under treatment are progressing favorably. Several suspicious cases were reported during the day and three or four who have been under surveillance for the past two days will probably develop well defined cases within the next 24 hours.

The Country Situation.

Work was resumed today on the levee front. The settlement decided on by Adam Torch, the arbitrator, was accepted by both sides and there will be no more cotton labor trouble during the present season.

If the present rate of progress is kept up the State Board of Health believes that yellow fever in the country parishes will disappear almost as soon as in New Orleans. Lake Providence which was a hot bed of fever two weeks ago is rapidly driving out the disease. For the fourth day, all the new cases at Tallulah are negroes. Seventeen cases are under treatment in the Barataria district.

In Central Louisiana picking and moving of cotton is somewhat handicapped for the want of sufficient labor. Owing to fumigation requirements ginners are having some trouble in getting cars.

Bad Day at Natchez.

Natchez, Miss., Sept. 23.—Eight new cases of yellow fever were reported today, only one of which is a new focus. Six of the eight cases are negroes and were found in the original infected district, which had been thoroughly screened and fumigated.

One Case at Vicksburg.

Vicksburg, Miss., Sept. 23.—Only one case of yellow fever was reported today, bringing the total to date up to 52. Of these 17 are under treatment and seven have died.

Beyond Control at Hamburg.

Jackson, Miss., September 23.—The yellow fever situation at Hamburg, Miss., is getting beyond local control. Secretary Hunter of the State Board of Health, held a conference over the long distance telephone today with Dr. T. K. Magee, at Hamburg. State health officer in charge and the latter stated that two new cases had developed last night and two deaths were reported this afternoon. The fever is spreading through the surrounding country. Dr. Magee stated that he has been broken down by constant work and appeals for assistance. Secretary Hunter is planning to send another physician to the scene. The State Board of Health issued an order today further postponing the opening for the colleges and boarding schools in the State from October 3 to 17, on account of the appearance of yellow fever at several places in the State.

COMMITTED SIX MURDERS.

Arrest of Negro Wanted In Five States.

By Wire to The Morning Star.

Birmingham, Ala., Sept. 23.—The police of Birmingham believe they have in Will Ellis, a negro who was arrested several days ago, a man who has committed no less than six murders. He is wanted in Somerset, Ky., for the murder of a negro September 9 and telegrams have been received from Greenville, Miss., Caleria, Ala., Rockmart, Ga., and Barnwell county, S. C., in each of which places he is wanted for murder. The sheriff of Barnwell county says he is wanted there under the name of Gardner, An officer practically identified Ellis as the man who killed Policeman Bennett in Easley, S. C., two years ago.

At Cincinnati yesterday the Cincinati team of the National League was fined $100 by the National Base Ball commission for playing an exhibition game with the Youngstown, Ohio, team and the Youngstown management was fined $500 because player Phyle 'blacklisted by the Southern League, participated in the game as a member of the minor league team. Both clubs paid the fines.

In New York last night Detective Sergeant Price received the following telegram from Detectives Illick and Scheuing who were sent to Peekskill to search for Gerard, the suspected murdered of Augusta Pfeiffer. At Philadelphia yesterday, having confessed the embezzlement of $5,000, Andrew G. Dunlop, the local selling agent of the Mobile Cotton Mills of Mobile, Ala., was sentenced to one year's imprisonment. He was arrested through the efforts of the Fidelity and Deposit Company of Maryland, which was on his bond. Between May and August Dunlop sold 5,000 worth of thread and kept the money.

A sheriff posse near Wilmar, Ark., Friday night shot to death a negro, James Young, who assaulted Mrs. Alexander Hammel at Wilmar on Friday. Young was overtaken four miles from Wilmar. He opened fire on his pursuers and the latter responded. Young was shot before he could injure any member of the posse. He had lately finished serving a term for assault with intent to kill Officer W. F. Warren.

The final hearing in the case of the Warren Manufacturing Company and others against the Southern Railway and others was begun at Washington yesterday before the Interstate Commerce Commission. The case involves the rate of 41 cents a hundred pounds on cotton goods from Warrenville, Graniteville and Vaucluse, South Carolina, and Augusta, Georgia, to New York which the complainants declare to be unjust and excessive. Hearings have been held twice at Augusta, Ga.

At Tokio, Saturday, following drastic domiciliary visits of the prosecutors and pudges of the preliminary court to the office of the newspaper Niroku and the residence of its editors and other places, 22 arrests were made during Saturday night and early this (Sunday) morning. Among those arrested are two persons closely connected with the Niroku. The others are mostly workmen. It is believed that the charge on which the arrests have been made is that of instigating the recent riots.
